

# OHMVR Commission Meeting

May 28, 2015  
Stanislaus National Forest  
Sonora

## Help us study FIRE RECOVERY!

A wildfire burned this area in 2013. Now we are tracking how the ecosystem responds, and you can help! Here's how:

1.  Place camera phone into the bracket.
2.  Take a photo of the view, without a filter.
3.  Post your picture using hashtag **#rimfire01** to Flickr, Twitter, or Instagram.

Results are being compiled into a crowdsourced timelapse of fire damage recovery.
